

# Min-Height

## Block Level Elements

Content in a paragraph : height: 100% / min-height: 50px

A large, solid dark gray rectangular block that fills most of the page below the text. It represents a paragraph element with a minimum height of 50 pixels, demonstrating how the min-height property ensures content is visible even if the text is too short to fill the container.

Content in a paragraph : height: 100% / min-height: 8em

Content in a paragraph : height: 100% / min-height: 50%

## Elements Nested

Example#1 : Containing element : height: 100px. Content in a paragraph : min-height: 70%

A large, solid dark gray rectangle occupies the majority of the page, representing the content area for Example#1. It is positioned directly below the text description of Example#1 and above the text description of Example#2.

Example#2 : Containing element : height: 100%. Content in a paragraph : height: auto
